(c) According to available reports, Bangladeshi nationals have been using porous Indo-Bangladesh border to enter into India illegally. It is difficult to make a realistic estimate about the number of such illegal Bangladeshi immigrants because they enter surreptitiously and are able to mingle easily with the local population due to ethnic and linguistic similarities. The State Governments/UT Administrations have been empowered under section 3 (2) (c) of the Foreigners Act, 1946 to detect and deport foreign nationals illegally staying in India. Administrative instructions are issued from time to time requesting the State Governments/UT Administrations to detect and deport illegal Bangladeshi migrants staying in the country.
